1. Lieutenant General Borsov, (fmu), is chief of the SCC Signal Section in Karlshorst. Colonel Skryabin, (fmu), Lt. Colonel Panasyuk, (fmu), and Major Slyusarev, (fmu), are assigned to him. The signal section, which has the authority formerly held by the Reichspost, supervises the Ministerium fuer Post-und Fernmeldewesen (Ministry for Postal Service and Telecommunications) (MPF). There is a daily courier service between the Ministry and Karlshorst. The Soviets make their demands known in monthly conferences.
2. The execution of orders given by the SCC is supervised by offices located in various state capitals. Major Kucheryavenko, (fmu), is assigned to the Leipzig transmitter station as control officer, and Major Koval, (fmu), is assigned in the same capacity to the Beelitz radio receiver station. Control officers who were previously assigned to other radio transmitter stations and also to all large telephone offices and amplifier stations were recently withdrawn from their posts. While supervision in the field of telephony has been greatly eased, the operation and construction of all types of radio installations is still being controlled by the SCC. Bills for radio broadcasts and other services, such as commercial radio traffic, are paid punctually by the SCC.
